

# Call for papers ASN Neuro

*Published in association with the American Society for Neurochemistry*

IMPACT FACTOR: 3.030\*

Editor-in-Chief:

**Douglas L. Feinstein, PhD**, *University of Illinois /  
Jesse Brown VA Medical Center, Chicago*

Editor Emeritus:

**Monica Carson**, *University of California, Riverside*

## WHY PUBLISH OPEN ACCESS?

- **Visibility and Impact:** Anyone anywhere in the world can read, use and cite your research
- **Rigorous Standards:** Double-blind peer review policy
- **Speed:** Less than 2 months from submission to first decision and 4 weeks from acceptance to online publication
- **Flexibility:** No page limits or page charges, and authors can publish full data sets, figures, tables, etc.
- **Copyright:** Authors retain copyright under a Creative Commons License

**ASN Neuro** is an open access, peer-reviewed journal uniquely positioned to provide investigators with the most recent advances across the breadth of the cellular and molecular neurosciences. The official journal of the **American Society for Neurochemistry**, **ASN Neuro** is dedicated to the promotion, support, and facilitation of communication among cellular and molecular neuroscientists of all specializations.

The open access platform and comprehensive scope of the journal allow for rapid dissemination of current research across disciplines to contribute to a complete

approach to issues pertaining to the nervous system. High-quality research articles and reviews in such areas as neurochemistry and biology, neurogenetics, glial cells and function, neurodevelopment, neuro-degeneration and repair, neuroimmunity, signaling, and other neuro- or glial-related topics are encouraged for submission.

There is no charge for submitting a paper to **ASN Neuro**. Upon acceptance of your manuscript, you will be charged a one-time Article Processing Charge (APC). This fee covers the cost of publication and ensures that your article will be freely available.

To submit an article to this journal, please visit:
